EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony Bisulca on June 26, 2009.

2. The application has been amended as follows:

a. In the abstract, line 2 (counting the formula as a line), after "method of making" add --are described--

b. In claim 1, line 1, replace "of the" with -- comprising a compound of --

c. In claim 1, line 3, (counting the formula as a line), replace "having an aniline content of" with --and an aniline, wherein the aniline is present in an amount--

d. In claim 2, line 2, replace "having an aniline content of" with -- wherein the aniline is present in an amount--

e. In claim 13, line 2, replace "wherein the m-toluidine content is" with -- further comprising m-toluidine, wherein the toluidine is present in an amount--

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The claims are allowable over the closest prior art of record, Machtold et al. (US 5,061,585), Schafer et al. (US 3,652,602) and Metz et al. (US 6,168,895), because the prior art do not teach or fairly suggest aniline present in an amount less than 2000ppm. Applicant's declarations dated 6/18/2009, 10/31/2008 and 3/13/2009 demonstrate that these references exceed the instantly claimed aniline level.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
